In Search of Power Jan 16 2020 "In the critical period from 1956 to 1974, the
emergence of newly independent states worldwide and the struggles of the civil
rights movement in the United States exposed the limits of racial integration and
political freedom. Dissidents, leaders and elites alike were linked in a struggle for
power in a world where the rules of the game had changed. Brenda Gayle
Plummer traces the connections between African Americans' involvement in
international affairs and their influence on American foreign policy, integrating
African American history, the history of the African diaspora and the history of
United States foreign relations"--Provided by publisher.

The Joy of Search Apr 11 2022 A Google researcher reveals the art of online searching, offering tips and tricks on how best to use resources like Google and Wikipedia—plus fun facts and fascinating stories We all know how to look up something online by typing words into a search engine. We do this so often that we have made the most famous search engine a verb: we Google it—Japan population— or —Nobel Peace Prize— or —poison ivy— or whatever we want to know. But knowing how to Google something doesn't make us search experts; there's much more we can do to access the massive collective knowledge available online. In *The Joy of Search*, Daniel Russell shows us how to be great online researchers. We don't have to be computer geeks or a scholar searching out obscure facts; we just need to know some basic methods. Russell demonstrates these methods with step-by-step searches for answers to a series of intriguing questions—from —what is the wrong side of a towel?— to —what is the most likely way you will die?— Along the way, readers will discover essential tools for effective online searches—and learn some fascinating facts and interesting stories. Russell explains how to frame search queries so they will yield information and describes the best ways to use such resources as Google Earth, Google Scholar, Wikipedia, and Wikimedia. He shows when to put search terms in double quotes, how to use the operator (*), why metadata is important, and how to triangulate information from multiple sources. By the end of this engaging journey of discovering, readers will have the definitive answer to why the best online searches involve more than typing a few words into Google.

In Search of *The Color Purple* Aug 03 2021 Mixing cultural criticism, literary history, biography, and memoir, an exploration of Alice Walker's critically acclaimed and controversial novel, *The Color Purple* Alice Walker made history in 1983 when she became the first black woman to win the Pulitzer Prize and the National Book Award for *The Color Purple*. Published in the Reagan era amid a severe backlash to civil rights, the Jazz Age novel tells the story of racial and gender inequality through the life of a 14-year-old girl from Georgia who is haunted by domestic and sexual violence. Prominent academic and activist Salamishah Tillet combines cultural criticism, history, and memoir to explore Walker's epistolary novel and shows how it has influenced and been informed by the zeitgeist. *The Color Purple* received both praise and criticism upon publication, and the conversation it sparked around race and gender still continues today. It has been adapted for an Oscar-nominated film and a hit Broadway musical. Through archival research and interviews with Walker, Oprah Winfrey, and Quincy Jones (among others), Tillet studies Walker's life and how themes of violence emerged in her earlier work. Reading *The Color Purple* at age 15 was a groundbreaking experience for Tillet. It continues to resonate with

her—as a sexual violence survivor, as a teacher of the novel, and as an accomplished academic. Provocative and personal, *In Search of The Color Purple* is a bold work from an important public intellectual, and captures Alice Walker’s seminal role in rethinking sexuality, intersectional feminism, and racial and gender politics.

In Search of the Unknown Sep 16 2022 Because it all seems so improbable—so horribly impossible to me now, sitting here safe and sane in my own library—I hesitate to record an episode which already appears to me less horrible than grotesque. Yet, unless this story is written now, I know I shall never have the courage to tell the truth about the matter—not from fear of ridicule, but because I myself shall soon cease to credit what I now know to be true. Yet scarcely a month has elapsed since I heard the stealthy purring of what I believed to be the shoaling undertow—scarcely a month ago, with my own eyes, I saw that which, even now, I am beginning to believe never existed. As for the harbor-master—and the blow I am now striking at the old order of things—But of that I shall not speak now, or later; I shall try to tell the story simply and truthfully, and let my friends testify as to my probity and the publishers of this book corroborate them. On the 29th of February I resigned my position under the government and left Washington to accept an offer from Professor Farrago—whose name he kindly permits me to use—and on the first day of April I entered upon my new and congenial duties as general superintendent of the water-fowl department connected with the Zoological Gardens then in course of erection at Bronx Park, New York. For a week I followed the routine, examining the new foundations, studying the architect's plans, following the surveyors through the Bronx thickets, suggesting arrangements for water-courses and pools destined to be included in the enclosures for swans, geese, pelicans, herons, and such of the waders and swimmers as we might expect to acclimate in Bronx Park. It was at that time the policy of the trustees and officers of the Zoological Gardens neither to employ collectors nor to send out expeditions in search of specimens. The society decided to depend upon voluntary contributions, and I was always busy, part of the day, in dictating answers to correspondents who wrote offering their services as hunters of big game, collectors of all sorts of fauna, trappers, snarers, and also to those who offered specimens for sale, usually at exorbitant rates. To the proprietors of five-legged kittens, mangy lynxes, moth-eaten coyotes, and dancing bears I returned courteous but uncompromising refusals—of course, first submitting all such letters, together with my replies, to Professor Farrago. One day towards the end of May, however, just as I was leaving Bronx Park to return to town, Professor Lesard, of the reptilian department, called out to me that Professor Farrago wanted to see me a moment; so I put my pipe into my pocket

again and retraced my steps to the temporary, wooden building occupied by Professor Farrago, general superintendent of the Zoological Gardens. The professor, who was sitting at his desk before a pile of letters and replies submitted for approval by me, pushed his glasses down and looked over them at me with a whimsical smile that suggested amusement, impatience, annoyance, and perhaps a faint trace of apology.

In Search of Authority Mar 30 2021 Anglican theology has been a hotbed of debate about the issue of authority since the Reformation. What do we really appeal to when attempting to decide matters of doctrine, worship, ministry or ethics? The debate is very much alive today, between Evangelical, Liberal and Catholic Anglicans around the world. This proposed book focuses on the understanding of authority in Anglican theology. It looks at the way that Anglican theologians, in the past and today, have developed their theories of authority in relation to burning issues. Avis critiques them in a continuous dialogue or running commentary and set them in an ecumenical context, comparing Anglican positions with Roman Catholic, Eastern Orthodox and Protestant ones. In each area - Bible, tradition, reason, experience -he sets out a new understanding of authority in a constructive and persuasive way, moving to a series of overall conclusions and recommendations. The sharp critiques of various positions will help to make it the subject of discussion and debate.

In Search of Soul Oct 05 2021 *In Search of Soul* explores the meaning of "soul" in sacred and profane incarnations, from its biblical origins to its central place in the rich traditions of black and Latin history. Surveying the work of writers, artists, poets, musicians, philosophers and theologians, Alejandro Nava shows how their understandings of the "soul" revolve around narratives of justice, liberation, and spiritual redemption. He contends that biblical traditions and hip-hop emerged out of experiences of dispossession and oppression. Whether born in the ghettos of America or of the Roman Empire, hip-hop and Christianity have endured by giving voice to the persecuted. This book offers a view of soul in living color, as a breathing, suffering, dreaming thing.

In Search of Gandhi Jul 02 2021 The twenty nine essays in this book are insightful and sympathetic analyses of various facets of Gandhi's multidimensional personality. They cover his formative years, his struggle against racism and imperialism, his attitude to religion and the partition of India, his public life, and the relevance of his political economic thought in the twenty-first century. This book will be of interest to political scientists, historians, followers of Gandhi, and an informed general audience.

In Search of the Lost Decade Aug 15 2022 In 1983, following a military dictatorship that left thousands dead and disappeared and the economy in ruins,

Raúl Alfonsín was elected president of Argentina on the strength of his pledge to prosecute the armed forces for their crimes and restore a measure of material well-being to Argentine lives. Food, housing, and full employment became the litmus tests of the new democracy. *In Search of the Lost Decade* reconsiders Argentina's transition to democracy by examining the everyday meanings of rights and the lived experience of democratic return, far beyond the ballot box and corridors of power. Beginning with promises to eliminate hunger and ending with food shortages and burning supermarkets, Jennifer Adair provides an in-depth account of the Alfonsín government's unfulfilled projects to ensure basic needs against the backdrop of a looming neoliberal world order. As it moves from the presidential palace to the streets, this original book offers a compelling reinterpretation of post-dictatorship Argentina and Latin America's so-called lost decade.

Scientists in Search of Their Conscience Oct 25 2020 "Scientists in Search of Their Conscience" is the edited proceedings of the European Symposium on the effects of science on society held in Brussels in 1971. Organised by The European Committee of The Weizmann Institute, Israel, the Conference gave scientists from varied disciplines and many countries the platform from which to explore in depth the dilemma facing them. The dilemma is the responsibility of scientists for society's use of scientific findings. Though no hard and fast conclusions were reached-in fact quite the contrary-the discussions left no doubt that scientists were becoming aware that they can no longer claim that the pursuit of knowledge is divorced from its use. Yet should they begin to face the responsibility for the application of their work, it is clear that their freedom will be impaired. The loss of freedom is of course part of the dilemma of science.

In Search of Lost Time, Vol 3 Apr 18 2020 THE ACCLAIMED FULLY REVISED EDITION OF THE SCOTT MONCRIEFF AND KILMARTIN TRANSLATION In *The Guermantes Way* Proust's narrator recalls his initiation into the dazzling world of Parisian high society. Looking back over his time in the glamorous

salons of the aristocracy, he satirises this shallow world and his own youthful infatuation with it. His observations, and his experiences with his lover Albertine, also educate him in the volatile nature of desire as he walks the path towards adulthood.

Buddhist Nuns and Gendered Practice Aug 23 2020 Nirmala S. Salgado offers a groundbreaking study of the politics of representation of Buddhist nuns. Challenging assumptions about writing on gender and Buddhism, Salgado raises important theoretical questions about the applicability of liberal feminist concepts and language to the practices of Buddhist nuns. Based on extensive research in Sri Lanka as well as on interviews with Theravada and Tibetan nuns from around the world, Salgado's study invites a reconsideration of female renunciation. How do scholarly narratives continue to be complicit in reinscribing colonialist and patriarchal stories about Buddhist women? In what ways have recent debates contributed to the construction of the subject of the Theravada bhikkhuni? How do key Buddhist concepts such as dukkha, samsara, and sila ground female renunciant practices? Salgado's provocative analysis of modern discourses about the supposed empowerment of nuns challenges interpretations of female renunciation articulated in terms of secular notions such as "freedom" in renunciation, and questions the idea that the higher ordination of nuns constitutes a movement in which female renunciants act as agents seeking to assert their autonomy in a struggle against patriarchal norms. Salgado argues that the concept of a global sisterhood of nuns—an idea grounded in a notion of equality as a universal ideal—promotes a discourse of dominance about the lives of non-Western women and calls for more nuanced readings of the everyday renunciant practices and lives of Buddhist nuns. Buddhist Nuns and Gendered Practice is essential reading for anyone interested in the connections between religion and power, subjectivity and gender, and feminism and postcolonialism.

In Search of Julián Carrillo and Sonido 13 Jun 01 2021 In the 1920s, Mexican composer Julián Carrillo (1875-1965) developed a microtonal system he metaphorically called El Sonido 13 (The 13th Sound). Although his pioneering role as one of the first proponents of microtonality gave him a cult figure status among European avant-garde circles in the 1960s and 1970s, his music and legacy have remained largely ignored by scholars and critics. This book explores his ideas not only in relation to the historical moments of their inception but also in relation to the various cultural projects that kept them alive and resignified them into the 21st century.

In Search of Sundance, Nessie ... and Paradise! Mar 18 2020 Have you ever wondered what it might be like to travel as one big, happy family over one thousand miles in a motor home? Simon Bennett did more than think about it: He

decided to do it. It all began when he and his wife, Emma, adopted a dolphin and a polar bear as gifts to give to their twin children on their eighth birthday: Jessica and Jacob. But the determined Jessica simply had to see her adopted dolphin, which the family learned was named Sundance and lived in the Moray Firth in the highlands of Scotland, which is hundreds of miles away. (Fortunately, Jacob wasn't as determined to see his adopted polar bear in the Arctic - yet!). Simon had but little choice to start researching, and he found a great campsite book that became his reference source to plan an expedition in a motor home to see some of Scotland's lochs, coastline, and historic places. Laugh, learn, and celebrate with a family that embarks on an inspiring journey filled with discoveries and adventures they won't ever forget with *In Search of Sundance, Nessie ... and Paradise!*

In Search of Sir Thomas Browne: The Life and Afterlife of the Seventeenth Century's Most Inquiring Mind Jun 13 2022 The extraordinary life and ideas of one of the greatest—and most neglected—minds in history. Sir Thomas Browne (1605–1682) was an English writer, physician, and philosopher whose work has inspired everyone from Ralph Waldo Emerson to Jorge Luis Borges, Virginia Woolf to Stephen Jay Gould. In an intellectual adventure like Sarah Bakewell's book about Montaigne, *How to Live*, Hugh Aldersey-Williams sets off not just to tell the story of Browne's life but to champion his skeptical nature and inquiring mind. Mixing botany, etymology, medicine, and literary history, Aldersey-Williams journeys in his hero's footsteps to introduce us to witches, zealots, natural wonders, and fabulous creatures of Browne's time and ours. We meet Browne the master prose stylist, responsible for introducing hundreds of words into English, including electricity, hallucination, and suicide. Aldersey-Williams reveals how Browne's preoccupations—how to disabuse the credulous of their foolish beliefs, what to make of order in nature, how to unite science and religion—are relevant today. *In Search of Sir Thomas Browne* is more than just a biography—it is a cabinet of wonders and an argument that Browne, standing at the very gates of modern science, remains an inquiring mind for our own time. As Stephen Greenblatt has written, Browne is "unnervingly one of our most adventurous contemporaries."

In Search of the Primitive Nov 18 2022 Anthropology is a kind of debate between human possibilities—a dialectical movement between the anthropologist as a modern man and the primitive peoples he studies. *In Search of the Primitive* is a tough-minded book containing chapters ranging from encounters in the field to essays on the nature of law, schizophrenia and civilization, and the evolution of the work of Claude Lévi-Strauss. Above all it is reflective and self-critical, critical of the discipline of anthropology and of the civilization that produced that discipline. Diamond views the anthropologist who refuses to become a searching critic of his own civilizations as not merely irresponsible, but a tool of Western civilization. He rejects the associations which have been made in the ideology of our civilization, consciously or unconsciously, between Western dominance and progress, imperialism and evolution, evolution and progress.

In Search of the Dark Ages Jul 14 2022 Updated with the latest archaeological research new chapters on the most influential yet widely unrecognised people of the British isles, *In Search of the Dark Ages* illuminates the fascinating and mysterious centuries between the Romans and the Norman Conquest of 1066. In this new edition, Michael Wood vividly conjures some of the most important people in British history such as Hadrian, a Libyan refugee from the Arab conquests and arguably the most important person of African origin in British history, to Queen Boadicea, the leader of a terrible war of resistance against the Romans. Here too, warts and all, are the Saxon, Viking and Norman kings who laid the political foundations of England: Offa of Mercia, Alfred the Great, Athelstan, and William the Conqueror, whose victory at Hastings in 1066 marked the end of Anglo-Saxon England. Reflecting the latest historical, textual and archaeological research, this revised and updated edition of Michael Wood's classic book overturns preconceptions of the Dark Ages as a shadowy and brutal era, showing them to be a richly exciting and formative period in the history of Britain.

Lyrics in Search of Music Oct 13 2019 I have composed the following collection of poetry for more than four decades. This is my second published book of verse. Once again, it has been inspired by people, places, and life episodes that have been a large part of my life. Writing has become a great passion for me, as it occupies such a large part of my life. In this book, I cover several darker subjects from the less popular side of life that I didn't feature, in depth, in my first book. Working in downtown Denver for more than ten years, I encountered people that were struggling to just survive rather than actually living life. My goal, in compiling this collection, is to present a strong mix of poetic subjects. —Terry L. Rath

In Search of the Warrior Spirit, Fourth Edition Dec 15 2019 The war in Iraq has heightened interest in the military mindset and raised questions about whether it's possible to be a mindful, moral fighter at a time when impersonal, technology based warfare reigns. *In Search of the Warrior Spirit* confronts this thorny issue with Richard Strozzi-Heckler's trademark personal, sympathetic style. In a top-secret U.S. military experiment, the author was asked to teach Eastern awareness disciplines ranging from aikido to meditation to a group of twenty-five Green Berets. This account chronicles his experiences in the training program and his attempts to revive traditional warriorship in a technological society. *In Search of the Warrior Spirit* explores the nature of war, the meaning of masculinity, and the need for moral values in the military. The book includes Heckler's response to 9/11, his experiences with the Pentagon and U.S. soldiers

in Afghanistan, and his poignant reflections on the movie Black Hawk Down, which depicts the deaths of two of his trainees. In this revised edition, the author talks movingly of his visits to Afghanistan with NATO and about the Trojan Warrior Project and Marine Warrior Project, relating the tragic events in a war zone and revelatory conversations with both ordinary soldiers and such leaders as the Supreme Allied Commander of Europe.

In Search of Ancient Kings Jul 22 2020 The Egúngún society is one of the least-studied and written-about aspects of African diasporic spiritual traditions. It is the society of the ancestors, the society of the dead. Its primary function is to facilitate all aspects of ancestor veneration. Though it is fundamental to Yorùbá culture and the Ifá/Òriṣà tradition of the Yorùbá, it did not survive intact in Cuba or the US during the forced migration of the Yorùbá in the Middle Passage.

Taking hold only in Brazil, the Egúngún cult has thrived since the early 1800s on the small island of Itaparica, across the Bay of All Saints from Salvador, Bahia. Existing almost exclusively on this tiny island until the 1970s (migrating to Rio de Janeiro and, eventually, Recife), this ancient cult was preserved by a handful of families and flourished in a strict, orthodox manner. Brian Willson spent ten years in close contact with this lineage at the Candomble temple Xango Cá Te Espero in Rio de Janeiro and was eventually initiated as a priest of Egúngún.

Representing the culmination of his personal involvement, interviews, research, and numerous visits to Brazil, this book relates the story of Egúngún from an insider's view. Very little has been written about the cult of Egúngún, and almost exclusively what is written in English is based on research conducted in Africa and falls into the category of descriptive and historical observations. Part personal journal, part metaphysical mystery, part scholarly work, and part field research, In Search of Ancient Kings illuminates the nature of Egúngún as it is practiced in Brazil.

Sephrina and Sarah provide each other with that comfortable balance achieved only by childhood friends that special friendship that fortifies them in the love of the men they cherish and the bond with the women who challenge and inspire them.

Books and Culture Sep 04 2021 If the writer who ventures to say something more about books and their uses is wise, he will not begin with an apology; for he will know that, despite all that has been said and written on this engrossing theme, the interest of books is inexhaustible, and that there is always a new constituency to read them. So rich is the vitality of the great books of the world that men are never done with them; not only does each new generation read them, but it is compelled to form some judgment of them. In this way Homer, Dante, Shakespeare, Goethe, and their fellow-artists, are always coming into the open court of public opinion, and the estimate in which they are held is valuable chiefly as affording material for a judgment of the generation which forms it. An age which understands and honours creative artists must have a certain breadth of view and energy of spirit; an age which fails to recognise their significance fails to recognise the range and splendour of life, and has, therefore, a certain inferiority.

One Poem in Search of a Translator Feb 09 2022 Translation is a journey - a journey undertaken by the text, hopping around the world and mischievously border-crossing from one language to another, from one culture to another. For a translator, this journey can become a truly creative engagement with the otherness of the source text, an experience of self-discovery leading to understanding and enrichment, and ultimately towards a new text. This singular literary 'experiment' intends to magnify the idiosyncrasy of this translational journey. In the process translation reveals itself as an increasingly creative activity rather than simply a linguistic transfer. This volume consists of twelve translations of one poem: 'Les Fenêtres' by the French poet Apollinaire. The translators embarking on this project, all from different backgrounds and working contexts (poets, professional translators, academics, visual artists), were asked to engage with the inherent multimodality of this poem - inspired by Robert Delaunay's Les Fenêtres series of paintings. The result is a kaleidoscopic diversity of approaches and final products. Each translation is accompanied by self-reflective commentary which provides insight into the complex process and experience of translation, enticing the reader to join this journey too.

In Search of Zarathustra Nov 25 2020 Long before the first Hebrew temple, before the birth of Christ or the mission of Muhammad, there lived in Persia a prophet to whom we owe the ideas of a single god, the cosmic struggle between good and evil, and the Apocalypse. His name was Zarathustra, and his teachings eventually held sway from the Indus to the Nile and spread as far as Britain. Following Zarathustra's elusive trail back through time and across the Islamic, Christian, and Jewish worlds, Paul Kriwaczek uncovers his legacy at a wedding ceremony in present-day Central Asia, in the Cathar heresy of medieval France, and among the mystery cults of the Roman empire. He explores pre-Muslim Iran and Central Asia, ultimately bringing us face to face with the prophet himself, a teacher whose radical humility shocked and challenged his age, and whose teachings have had an enduring effect on Western thought. The result is a tour de force of travel and historical inquiry by an adventurer in the classic tradition.

In Search of Buddy Bolden May 20 2020 The beginnings of jazz and the story of Charles “Buddy” Bolden (1877–1931) are inextricably intertwined. Just after the turn of the century, New Orleanians could often hear Bolden’s powerful horn from the city’s parks and through dance hall windows. Despite his lack of formal training, his unique style—both musical and personal—made him the first “king” of New Orleans jazz and the inspiration for such later jazz greats as King Oliver, Kid Ory, and Louis Armstrong. For years the legend of Buddy Bolden was overshadowed by myths about his music, his reckless lifestyle, and his mental instability. *In Search of Buddy Bolden* overlays the myths with the substance of reality. Interviews with those who knew Bolden and an extensive array of primary sources enliven and inform Donald M. Marquis’s absorbing portrait of the brief but brilliant career of the first man of jazz. This paperback edition includes a new preface and appendix relating events and discoveries that have occurred since the book’s original publication in 1978.

In Search of a Prince Dec 27 2020 It seems like a dream come true . . . until it forces her to question everything. Brielle Adebayo is fully content teaching at a New York City public school and taking annual summer vacations with her mother to Martha's Vineyard. But everything changes when her mom drops a bombshell--Brielle is really a princess in the island kingdom of Ọlọṛọ Ilé, off the coast of Africa, and she must immediately assume her royal position, since the health of her grandfather, the king, is failing. Distraught by all the secrets her mother kept, Brielle is further left spinning when the Ọlọṛọ Ilé Royal Council brings up an old edict that states she must marry before her coronation, or the crown will pass to another. Brielle is uncertain if she even wants the throne, and with her world totally shaken, where will she find the courage to take a chance on love and brave the perils a wrong decision may bring? "Shiloh brings all the feels to *In Search of a Prince*. This romance with a touch of mystery will stay with you long after *The End*."--New York Times bestselling author RACHEL HAUCK
"Beautifully weaving together fairy tale and reality, *In Search of a Prince* gives us the modern princess we've been waiting for. I enjoyed every
