The Cat Owner's Survival Guide Feb 25 2021 A hilarious, fully illustrated book full of tongue-in-cheek advice for surviving life as a cat parent - the perfect gift for any cat lover You have the best cat in the world, it's true. But there's no avoiding the fact that, perfect and adorable as they may be, there are certain elements of being a cat owner that you could do without. Those thoughtful "gifts" you find in the kitchen. The scratch-marks on the couch. Their hairballs clogging up your vacuum cleaner. Luckily, this no-nonsense guide is here to teach you all the tricks you'll ever need to help you navigate life with your furry friend, so you can focus on the positives - like giving them head-scratches and cooing over their little toe beans. With pearls of wisdom like these, you'll be a pro cat parent in no time: - As a cat parent, you will need to work out the golden number of tummy rubs your cat will allow before they turn into an uncontrollable scratch-monster - Your cat may look cute and innocent, but there's an evil mastermind secretly at work behind all that fluff Items placed on a surface are highly offensive to cats and will be quickly dispatched to the floor, where they belong

Cat Owner's Home Veterinary Handbook Feb 08 2022 Cat Owner's Home Veterinary Handbook Signs and Symptoms Index on inside front cover Easy-to-understand text Authors with collective experience of over a half century Hundreds of instructional photos and drawings throughout Covers every problem from Pediatrics to Geriatrics All cat owners wish that their pets really did have nine lives. Now, with this newly revised and expanded edition of Cat Owner's Home Veterinary Handbook, the one life cats do have can be made longer and happier. Virtually every problem that owners will encounter is dealt with in language that teaches everyone how to cope with and prevent those unpleasant surprises. Part of the cat's mystique is a uniquely curious nature. This innate curiosity can create many dangerous situations and unwelcome consequences. This book, a classic in its first edition, has been updated to include the very latest solutions to the daily occurrences and special problems in all phases of cat care, including behavior and training. Yes, training! Now, in clear and simple terms, symptoms are identified and thorough instructions are given so that with this book, owners can become the best friends their cats can have in a lifetime.

How to Survive Being a Cat Owner Mar 17 2020 Cats are cuddly, furry, purry and loveable. They also happen to be the keepers of their own destiny—and utterly untrainable. So, if you're going to make it as a cat owner, you're going to need survival skills. Reassure yourself: You'll never have a more loyal companion (as long as you're feeding it). Think positively: If the cat claws holes in your curtains, at least it wasn't your legs. This mischievous little book will help see you through your years as a cat owner with tongue-in-cheek advice and cheeky illustrations.

The Sneeze-free Cat Owner May 19 2020 Are you or someone you love among the over ten million Americans who suffer from some sort of pet-related allergy? Is the dream of bringing a cat into your home met with the fear of allergy symptoms? The Sneeze-Free Cat Owner is entirely devoted to helping cat lovers who suffer from pet-related allergies find an appropriate breed for their family. This unique guide features in-depth breed profiles that include grooming needs, personality traits, activity levels, and health issues for cats compatible with allergic owners. It also discusses the controversy over the allergy-free properties of so-called "designer cats" and provides information on the best places to purchase or adopt your hypoallergenic cat. Because even homes without pets can have high levels of allergens, this book reveals how to minimize exposure in any home and contains dozens of tips for controlling and managing the home environment, including natural, at-home, and homeopathic treatments for allergy sufferers along with recent medical breakthroughs. If concern over pet-related allergies has prevented you or someone you love from owning a cat, The Sneeze-Free Cat Owner can help in the management of your allergy symptoms and enable you to find the perfect feline friend.

Bombay Cat Owner's Manual. Bombay Cats Facts and Information. Care, Personality, Grooming, Health and Feeding All Included. Mar 09 2022 Everything you need to know about keeping a bombay cat as a pet. This is another very informative book by Elliott Lang. As an animal lover, he enjoys writing animal books and advising others how to take care for their animals to give them a happy home. This book is a must have guide for anybody passionate about bombay cats. Bombay Cats Facts and Information. Care, personality, grooming, health and feeding all included. The book is written in an easy to read and understandable style. In a straight forward, no nonsense fashion, Elliott Lang covers all aspects of keeping bombay cats as pets. I have always been in the company of animals. That is the one thing I am most thankful for. My lovely pets have always been around to provide unconditional affection and love when I needed it the most. My father was instrumental in making me grow fond of animals. He always kept me around animals. I guess he was trying to help me learn how to be tolerant and loving from these amazing creatures. Trust me, some of the biggest life lessons that I have gained have come from these beautiful creatures. My family, too, has always been hands on with the pets in the household. Whether it was bathing, feeding or taking care of these animals, my family relied on pure instincts and ensured that the animals go the best of everything. These animals were the centre of all our activities. There was not a single day that did not begin with a discussion about these pets. What to feed them? How to take care of a cat or dog that is ailing? What is the most nutritious thing to feed them? These were common dinner table conversations while I was growing up. So, needless to say, I have had a lot of practical training with respect to taking care of different breeds of animals. Sometimes, I learnt from my family and sometimes, your pet will just tell you what he or she needs. Today, I am in a very privileged place where I can share this information with pet lovers across the globe. I would have never been able to provide you with so much comprehensive information without the knowledge that I gained from my father, my family and of course my beloved cats.

The Complete Cat Care Guide for the New Cat Owner Apr 10 2022 Cats are known to be very independent animals. They are considered very private creatures. They do not crave for continuous attention from their owners. They can be left on their own for long periods of time and still remain happy. They make ideal companions for those who have a very busy lifestyle and for those who do not wish for the regular upkeep of a high-maintenance pet. No matter how it likes to be alone most times though, the cat is truly a very sensitive pet. It can sense its owner "s feelings and moods. It can easily read its owner "s personality and adapt itself to its owner "s lifestyle. Cats can be unfaithful pets in the sense that if it doesn "t like its owner, it can leave the owner "s home and find a new home on its own if it is no longer happy in its present environment. But, if the cat likes its owner and is satisfied with the care it gets, they can be very loyal, very affectionate and very devoted life-long companions. Some cat owners say that as long as a cat is house-trained properly and is fed its food at the proper time and does not go hungry, it generally will keep to its own and mind its own business in its own space or area in the house. However, this does not mean that although a cat is low-care that it does not require any care at all. It will still depend on you for food, for grooming, for exercise, for when it is sick and needs vet care and, of course, from time to time, for that requisite TLC which every creature needs. Caring for a cat can still take a bit of work. As a pet cat owner, you will need to fully understand your cat "s needs so you can give it the best possible care. This book will help you do just that.

The Cat Owner's Handbook Apr 29 2021 Expertly written and beautifully illustrated, this handbook tells you everything you need to know to have a contented and healthy cat or kitten, explaining the behaviour of these fascinating animals - what they can see and hear that you cannot, and other mysteries explained. The perfect gift or reference book for all cat lovers.

Your Cat: The Owner's Manual Sep 03 2021 Dr. Marty Becker has become known as "America's Veterinarian" because of his educational and entertaining shows and columns. For more than ten years, Dr. Becker has been the popular veterinary contributor to ABC-TV's Good Morning America and is now a member of Core Team Oz on Dr. Mehmet Oz's show. Dr. Becker will help owners solve problems and enhance their bond with their cats through a tip-filled book on everything from finding the right cat to preventing health problems and bad behavior. He will start owners off on the right foot, whether they buy a kitten or adopt an older cat, showing them how to solve the most annoying behavior and cat-care problems--from scratching furniture to not using the litter-box. (Surprising fact: did you know that black cats shed more than light-colored cats?) And he advises owners how to make their own cat toys, and how to save money on medication, both traditional and alternative.

Balinese Cat Owner's Manual. Balinese Cat Facts and Information. Care, Personality, Grooming, Health and Feeding All Included. Sep 22 2020 Everything you need to know about keeping a Balinese cat as a pet. This is another very informative book by Elliott Lang. As an animal lover, he enjoys writing animal books and advising others how to take care for their animals to give them a happy home. This book is a must have guide for anybody passionate about Balinese cats. Balinese Cats Facts and Information. Care, personality, grooming, health and feeding all included. The book is written in an easy to read and understandable style. In a straight forward, no nonsense fashion, Elliott Lang covers all aspects of keeping Balinese cats as pets. Elliott Lang says: I have always been in the company of animals. That is the one thing I am most thankful for. My lovely pets have always been around to provide unconditional affection and love when I needed it the most. My father was instrumental in making me grow fond of animals. He always kept me around animals. I guess he was trying to help me learn how to be tolerant and loving from these amazing creatures. Trust me, some of the biggest life lessons that I have gained have come from these beautiful creatures. My family, too, has always been hands on with the pets in the household. Whether it was bathing, feeding or taking care of these animals, my family relied on pure instincts and ensured that the animals go the best of everything. These animals were the centre of all our activities. There was not a single day that did not begin with a discussion about these pets. What to feed them? How to take care of a cat or dog that is ailing? What is the most nutritious thing to feed them? These were common dinner table conversations while I was growing up. So, needless to say, I have had a lot of practical training with respect to taking care of different breeds of animals. Sometimes, I learnt from my family and sometimes, your pet will just tell you what he or she needs. Today, I am in a very privileged place where I can share this information with pet lovers across the globe. I would have never been able to provide you with so much comprehensive information without the knowledge that I gained from my father, my family and of course my beloved cats.
