An insider's account of the largest bankruptcy in the history of the U.S. insurance industry reveals how Fred Carr's insurance empire collapsed, leaving over a million policyholders stranded It's about how the rain drips and drips, and Worm gets more and more buckets until there are no more drips. Guess what Worm will do with all the water. Alvin of Loronei escapes Diaspar, the last living city on Earth, to seek his destiny by revitalizing humankind and by salvaging Earth from stagnation Dramatic and defining moments in American history come vividly the life in the Cornerstones of Freedom series. Essential reading for business and finance professionals: a complicated story of power, ambition, vanity and a lack of risk management controls at one of Europe's largest banks. Valiz's Antennae series picks up new currents in the arts and commissions essays that transmit current waves of thought. *The Fall of the Studio: Artists at Work*, a collection of new essays examining the role and significance of the artist's studio in the cultural production and criticism of the second half of the twentieth century, is its first publication. It critically assesses the changes that have occurred in the nature and function of the artist's studio from the postwar period on. A blend of art history, art criticism and art theory, written in an accessible, non-academic style, the book illuminates a number of artists' studio habits--from the 1960s through the present--including Eva Hesse, Mark Rothko, Olafur Eliasson, Bruce Nauman, Robert Morris, Daniel Buren, Martin Kippenberger, Paul McCarthy, Jason Rhoades and Jan De Cock. The incredible final book in the phenomenon fantasy series described as "future classics" follows one man's dangerous journey through a labyrinthine world and the mysteries he uncovers along the way (Los Angeles Times). "Josiah Bancroft is a magician. His books are that rare alchemy: gracefully written, deliriously imaginative, action packed, warm, witty, and thought provoking." — Madeline Miller, New York Times bestselling author of *Circe* As Marat's siege engine bores through the Tower, erupting inside ringdoms and leaving chaos in its wake, Senlin can do nothing but observe the mayhem from inside the belly of the beast. Caught in a charade, Senlin desperately tries to sabotage the rampaging Hod King, even as Marat's objective grows increasingly clear. The leader of the zealots is bound for the Sphinx's lair and the unimaginable power it contains. In the city under glass at the Tower's summit, Adam discovers a utopia where everyone inexplicably knows the details of his past. As Adam unravels the mystery of his fame, he soon discovers the crowning ringdom conceals a much darker secret. Aboard the State of Art, Edith and her crew adjust to the reality that Voleta has awoken from death changed. She seems to share more in common with the Red Hand now than her former self. While Edith wars for the soul of the young woman, a greater crisis looms: They will have to face Marat on unequal footing and with Senlin caught in the crossfire. And when the Bridge of Babel is finally opened, and the Brick Layer's true ambition revealed, neither they nor the Tower will ever be the same again. In his rich and dazzling new novel, the author of the bestselling "The Sixteen Pleasures" chronicles the journey of a man awakening from profound sorrow and rediscovering love in a most unexpected time and place. The author assumes 2 creation events, the second necessitated by the destruction of life on the Earth caused by the fall of Satan. He seeks to validate his theory by looking at the archeological evidence of the earliest events on Earth, including human footprints and tools found in the same strata as dinosaur fossils. The rugged and mysterious mountains of Kingdom County are the setting for Howard Frank Mosher's brilliant new autobiographical novel, The Fall of the Year. Like Mosher's acclaimed earlier novels, The Fall of the Year celebrates the fiercely independent people of Kingdom Common, including such memorable new characters as Foster Boy Dufresne, the local bottle picker and metaphysical savant; the incomparably strange clairvoyant and matchmaker, Louvia the Fortuneteller; Dr. Sam E. Rong, a wayfaring Chinese herbalist and connoisseur of human nature; the itinerant vaudevillian mind reader, Mr. Moriarity Mentality, who uses his unusual powers to teach the town fathers a lesson they will never forget; and the daredevil tomboy, Molly Murphy, who risks her life twice in a single day to fulfill her dream of running away with the Last Railway Extravaganza and Greatest Little Show on Earth. At the heart of The Fall of the Year are Kingdom County's baseball-playing, trout-fishing "unorthodox priest," Father George Lecoeur, his adopted son and protégé, Frank Bennett, and two interlocking love stories unlike any others in contemporary fiction. Written in Howard Frank Mosher's distinctively wry and ironical voice, with the straight-ahead narrative action that characterizes all his fiction, The Fall of the Year is a celebration of love in all its forms, from friendship to the most passionate romance, in a place where family, community, vocation, and the natural world still matter profoundly. Madeline Usher has been buried alive. The doomed heroine comes to the fore in this eerie reimagining of Edgar Allan Poe's classic short story "The Fall of the House of Usher." Gothic, moody, and suspenseful from beginning to end, The Fall is literary horror for fans of Miss Peregrine's Home for Peculiar Children and Asylum. Madeline awakes in a coffin. And she was put there by her own twin brother. But how did it come to this? In short, non-chronological chapters, Bethany Griffin masterfully spins a haunting and powerful tale of this tragic heroine and the curse on the Usher family. The house itself is alive, and it will never let Madeline escape, driving her to madness just as it has all of her ancestors. But she won't let it have her brother, Roderick. She'll do everything in her power to save him—and try to save herself—even if it means bringing the house down around them. With a sinister, gothic atmosphere and relentless tension to rival Poe himself, Bethany Griffin creates a house of horrors and introduces a whole new point of view on a timeless classic. Kirkus Reviews praised it in a starred review as "A standout take on the classic haunted-house tale replete with surprises around every shadowy corner." New York Times Bestseller: A "virtually flawless" account of the last weeks of WWII in the Pacific from both Japanese and American perspectives (The New York Times Book Review). By midsummer 1945, Japan had long since lost the war in the Pacific. The people were not told the truth, and neither was the emperor. Japanese generals, admirals, and statesmen knew, but only a handful of leaders were willing to accept defeat. Most were bent on fighting the Allies until the last Japanese soldier died and the last city burned to the ground. Exhaustively researched and vividly told, The Fall of Japan masterfully chronicles the dramatic events that brought an end to the Pacific War and forced a once-mighty military nation to surrender unconditionally. From the ferocious fighting on Okinawa to

the all-but-impossible mission to drop the 2nd atom bomb, and from Franklin D. Roosevelt's White House to the Tokyo bunker where tearful Japanese leaders first told the emperor the truth, William Craig captures the pivotal events of the war with spellbinding authority. The Fall of Japan brings to life both celebrated and lesser-known historical figures, including Admiral Takijiro Onishi, the brash commander who drew up the Yamamoto plan for the attack on Pearl Harbor and inspired the death cult of kamikaze pilots., This astonishing account ranks alongside Cornelius Ryan's *The Longest Day* and John Toland's *The Rising Sun* as a masterpiece of World War II history. In this third fully revised and updated discussion of the five-year conflict in the former Yugoslavia, Misha Glenny looks ahead to the uncertain future in this turbulent region. It is an eyewitness chronicle of the struggle for independence for Croatia and Slovenia. Recounts the Greek myth of Icarus, who flew too close to the sun, using the details from the 16th century painting by Pieter Bruegel the Elder, "Landscape with the Fall of Icarus." Recounts the American withdrawal from South Vietnam, the Communist conquest of Saigon, and the plight of South Vietnamese refugees who tried to flee in boats

Winner of the Kobayashi Hideo Award, *The Fall of Language in the Age of English* lays bare the struggle to retain the brilliance of one's own language in this period of English-language dominance. Born in Tokyo but raised and educated in the United States, Minae Mizumura acknowledges the value of a universal language in the pursuit of knowledge yet also embraces the different ways of understanding offered by multiple tongues. She warns against losing this precious diversity. Universal languages have always played a pivotal role in advancing human societies, Mizumura shows, but in the globalized world of the Internet, English is fast becoming the sole common language of humanity. The process is unstoppable, and striving for total language equality is delusional—and yet, particular kinds of knowledge can be gained only through writings in specific languages. Mizumura calls these writings "texts" and their ultimate form "literature." Only through literature and, more fundamentally, through the diverse languages that give birth to a variety of literatures, can we nurture and enrich humanity. Incorporating her own experiences as a writer and a lover of language and embedding a parallel history of Japanese, Mizumura offers an intimate look at the phenomena of individual and national expression. Critical acclaim for *THE FALL OF HONG KONG* "Mark Roberti's *The Fall of Hong Kong* serves as a useful chronicle of the most vibrant and fragile period of Hong Kong's colonial past--the last 15 years." --South China Morning Post "Roberti rips away the veil of secrecy surrounding the negotiations between Britain and China. . . [He] builds a compelling case." --Publishers Weekly "The often obscure politics of Hong Kong come alive in this revealing account." --Library Journal "The picture that emerges is not just a political, but a human drama as well." --Business Traveler International

Uncovering the truth behind the negotiations for the 1997 turnover of Hong Kong to the People's Republic of China, journalist Mark Roberti reveals shocking evidence of treachery, deceit, and diplomatic double-dealing in London, Hong Kong, and Beijing. Timely and compelling, *The Fall of Hong Kong* has now been revised and expanded to include information on vital recent developments. From New York Times bestselling author Meghan March comes a new deliciously dangerous alpha hero in *The Fall of Legend*, the first book in the utterly addictive Legend trilogy. We come from two different worlds. I'm from the streets. She might as well live in an ivory tower. I made my living with my fists. I doubt she could even throw a punch. Our paths never should have crossed. We never should have met. That doesn't change the facts. I would sell my soul to taste those red lips. Fight the devil himself to hear her laugh. Burn in hell to have a single night. Scarlett Priest shouldn't even know men like me exist, but sometimes temptation is stronger than will. If this is how I go down, it'll be worth every second of the fall. *The Fall of Legend* is the first book in the Legend Trilogy. A swift-moving, detailed account of Khrushchev's rise to power upon the death of Stalin and of his downfall following the Cuban missile crisis of 1964. The mysterious Time Tombs are opening and the Shrike that has risen from them may well control the fate of all mankind. The Ousters are laying seige to the Hegemony of Man and the AIs we created have turned against us to build the Ultimate Intelligence: God. The God of Machines. His genesis could mean annihilation for man. Something is drawing the hegemony, the Ousters, the AIs, the entire universe to the Shrike. Winner of the BSFA Award for best novel, 1991.
