Carjacked is an in-depth look at our obsession with cars. While the automobile's contribution to global warming and the effects of volatile gas prices are widely known, the problems we face every day because of our cars are much more widespread and yet much less known -- from the surprising \$14,000 per year that the average family pays each year for the vehicles it owns, to the increase in rates of obesity and asthma to which cars contribute, to the 40,000 deaths and 2.5 million crash injuries each and every year. *Carjacked* details the complex impact of the automobile on modern society and shows us how to develop a healthier, cheaper, and greener relationship with cars. World band radio is a trusted source of daily entertainment and crisis reporting for millions of Americans. Passport, the #1 seller in the field, provides exactly what world band listeners want. Entering its 21st year, it outsells all competitors combined. *The Perfect Villain: John McCain and the Demonization of Lobbyist Jack Abramoff* is an exhaustively researched exploration of the Abramoff lobbying and corruption scandal, which had been portrayed by the Sen. McCain and the media as an open-and-shut case. The book comes to a controversial conclusion: Abramoff was essentially not guilty of the charges to which he pleaded guilty. The true villains were The Washington Post, Sen. McCain, and the US Department of Justice. This is the story of how a vengeful McCain destroyed a political enemy, a ruthless media created a sensational myth, and all-powerful prosecutors extracted guilty pleas from innocent, but terrified, white-collar defendants.
