Conceiving of Christianity as a "worldview" has been one of the most significant events in the church in the last 150 years. In this new book David Naugle provides the best discussion yet of the history and contemporary use of worldview as a totalizing approach to faith and life. This informative volume first locates the origin of worldview in the writings of Immanuel Kant and surveys the rapid proliferation of its use throughout the English-speaking world. Naugle then provides the first study ever undertaken of the insights of major Western philosophers on the subject of worldview and offers an original examination of the role this concept has played in the natural and social sciences. Finally, Naugle gives the concept biblical and theological grounding, exploring the unique ways that worldview has been used in the Evangelical, Orthodox, and Catholic traditions. This clear presentation of the concept of worldview will be valuable to a wide range of readers. Can the intellectual life be a legitimate Christian calling? James Sire brings wit and wisdom to this question in his deeply personal exploration of how to think well for the glory of God and the sake of his kingdom, showing how to cultivate intellectual virtues—habits of the mind—that will strengthen you in pursuit of your calling. OLD THOT NEXT DOOR is indeed a long-anticipated ratchet soap opera thriller by bestselling African-American Urban Fiction author QUAN MILLZ. Meet Vernita Ernestine Washington, a feisty 76-year-old woman who doesn't care what you think about her ways, especially for a woman her age. Yeah, she might be a senior citizen but she'd be the first to tell you AGE AIN'T NOTHING BUT A NUMBER! She's convinced the honeycomb between her legs doesn't taste a day older than forty. "Don't let the gray hairs fool you now!" A retired employee of the Illinois Department of Motor Vehicles, Mrs. Washington runs the mean, cold streets of Chi-town messing with all types of young thugs with multiple felonies. A widow for some time now, Vernita is determined to make up for her stale marriage. However, when a major health scare sets her back, she finds herself losing everything. Reality sets in that her time on Earth is about to come to a close. Now faced with a death sentence, Vernita seeks to live out her remaining days being the biggest old super freak. She gets her mojo back and begins living her life again. But a major, surprising twist will throw her life into more unpredictable chaos. Read more in OLD THOT NEXT DOOR! Merve Jones has translated James W. Sire's *The Universe Next Door* into a lively and easy-to-follow cartoon format. Here are the big questions of life explored in plain language for the eye and the ear. (IVP/ United Kingdom edition.) 128 pages, paper Shows ways to develop a Christian world-view and to apply it to ethical issues and the study of academic disciplines At key moments in his life on earth, Jesus Christ, the very Son of God, turned to the Psalms for words to express his deepest thoughts and emotions. It is not hard to imagine Jesus, his mind and heart saturated with the words and thoughts of the Psalms as they were prayed aloud in the Temple, going off early in the morning to pray. How much must he have mouthed the words of the Psalms and given them a fulfillment? They became his answering speech to his heavenly Father. In these pages you will discover how the psalms that relate closely to the mission of Jesus can also become our answering speech. We will begin our journey into the mind of Christ by immersing ourselves in several psalms which Jesus himself refers to and fulfills. And then in the second half of the book, we will immerse ourselves in psalms that Jesus would have meditated on during his time on earth, focusing on the heart and mind of Jesus as he prayed the psalms. Structural analysis of each psalm will help us grow our ability to read the Psalms. The guided personal prayer liturgy with each chapter will help us go deeper in the experience of praying the Psalms. Through these psalms we will discover more of the human life of our Lord and Savior. And in the process we will discover more of who we are as we come before our holy God. Also included: a group discussion and prayer experience to accompany each chapter. In this new fifth edition, Sire offers student-friendly introductions to a variety of concepts: theism; deism; naturalism;

Marxism; nihilism; existentialism; Eastern monism; New Age philosophy; and postmodernism. James W. Sire describes 20 different ways that cults misread and misrepresent the Bible, helping us all become more careful readers. Please note: This is a companion version & not the original book. Sample Book Insights: #1 The purpose of this book is to outline the basic worldviews that underlie the way we in the Western world think about ourselves, other people, the natural world, and God or ultimate reality. We must understand and then genuinely communicate with others in a pluralistic society. #2 A worldview is a set of presuppositions that we hold about the basic makeup of our world. It is the basis for all our thoughts and actions. It is not a professional philosophy or theology, but a basic understanding of the world that we all have. #3 A worldview is made up of a series of basic assumptions that are generally unquestioned by each of us, rarely mentioned by our friends, and only brought to mind when we are confronted with a foreign ideology. #4 We cannot avoid assuming some answers to these questions. We will adopt either one stance or another. Refusing to adopt an explicit worldview is itself a worldview or at least a philosophical position. In this personal, easy-to-read book, James Sire offers a basic introduction to the foundational beliefs of Christianity for seekers and believers who want to understand the central teachings of the Bible. The chapters in this expanded edition are organized around a simple scheme: creation, fall, redemption, new life in Christ, life in the church. We've all felt the tension. An opportunity to speak for Christ comes up, and either we jump in with both barrels blasting or we cower in the corner and say nothing. Is there a better way? Can we learn to speak boldly, yet humbly, about our faith in Christ? Jim Sire offers a little primer on understanding the nature and limits of apologetics. In this companion volume to *The Universe Next Door*, James W. Sire offers his refined definition of a worldview and addresses key questions about the history of worldview thinking, the existential and intellectual formation of worldviews, the public and private dimensions of worldviews and how worldview thinking can help us navigate an increasingly pluralistic universe. In this classic novel, James A. Michener brings his grand epic tradition to bear on the four-hundred-year saga of America's Eastern Shore, from its Native American roots to the modern age. In the early 1600s, young Edmund Steed is desperate to escape religious persecution in England. After joining Captain John Smith on a harrowing journey across the Atlantic, Steed makes a life for himself in the New World, establishing a remarkable dynasty that parallels the emergence of America. Through the extraordinary tale of one man's dream, Michener tells intertwining stories of family and national heritage, introducing us along the way to Quakers, pirates, planters, slaves, abolitionists, and notorious politicians, all making their way through American history in the common pursuit of freedom. BONUS: This edition includes an excerpt from James A. Michener's *Hawaii*. Praise for *Chesapeake* "Another of James Michener's great mines of narrative, character and lore."—*The Wall Street Journal* "[A] marvelous panorama of history seen in the lives of symbolic people of the ages . . . An emotionally and intellectually appealing book."—*The Atlanta Journal-Constitution* "Michener's most ambitious work of fiction in theme and scope."—*The Philadelphia Inquirer* "Magnificently written . . . one of those rare novels that is enthusiastically passed from friend to friend."—*Associated Press* For more than thirty years, *The Universe Next Door* has set the standard for a clear, readable introduction to worldviews. In this new fifth edition James Sire offers additional student-friendly features to his concise, easily understood introductions to theism, deism, naturalism, Marxism, nihilism, existentialism, Eastern monism, New Age philosophy and postmodernism. Included in this expanded format are a new chapter on Islam and informative sidebars throughout. The book continues to build on Sire's refined definition of worldviews from the fourth edition and includes other updates as well, keeping this standard text fresh and useful. In a world of ever-increasing diversity, *The Universe Next Door* offers a unique resource for understanding the variety of worldviews that compete with Christianity for the allegiance of minds and hearts. *The Universe Next Door* has been translated into over a dozen languages and has been used as a text at over one hundred colleges and universities in courses ranging from apologetics and world religions to history and English literature. Sire's *Naming the Elephant: Worldview as a Concept* provides a useful companion volume for those desiring a more in-depth discussion of the nature of a worldview. Voted one of *Christianity Today's* 1995 Books of the Year! Reasonable, concise, witty and wise, Peter Kreeft and Ronald K. Tacelli have written an informative and valuable guidebook for anyone looking for answers to questions of faith and reason. Topics include: faith and reason the existence of God God's nature how we know God creation and evolution providence and free will

miracles the problem of evil the Bible's historical reliability the divinity of Christ the resurrection life after death heaven and hell salvation Christianity and other religions objective truth Whether you are asking the questions yourself or want to respond to others who are, here is the resource you have been waiting for. In this accessible and engaging work, veteran apologist Jim Sire gives us eyes to see the signs all around us that point to the specific truth of God in Christ. Sire focuses on the power of good literature—even from those who deny the existence of God—to enable us to perceive and testify to God's reality in ways that rational argument alone cannot. What reason do you have for believing Christianity is true? The best reason is Jesus himself. James W. Sire invites you to meet Jesus by digging deep into the Bible. You'll discover what Jesus did and said. And you'll be encouraged to decide what place Jesus has in your life today. Whether you are reading the Gospels for the first time or for the fiftieth, you'll find these investigative Bible studies challenging and transforming. This revised LifeGuide Bible Study features additional questions for starting group discussions and for meeting God in personal reflection, together with expanded leader's notes and a "Now or Later" section in each study. PDF download with a single-user license; available from InterVarsity Press and other resellers. Established in 1968, the Wheaton Literary Series provides insightful books for the thoughtful reader, inspiring imagination, and reflection. These beautifully produced volumes feature prose and poetry of high literary, academic, and artistic merit, written by and about Christian artists of significant stature. The truth of God is rich and multifaceted. Though a coherent body of revelation, the Bible comes to us through a variety of inspired authors, metaphors, and themes highlighting the many facets of God's truth. Likewise, our theological formulations capture manifold emphases--distinct perspectives on the whole--which collectively enable us to gain a fuller understanding of the truth. Poythress explains, We use what we have gained from one perspective to reinforce, correct, or improve what we understood through another. I call this procedure 'symphonic theology' because it is analogous to a blending of various musical instruments to express the variation of a symphonic theme. The implications of this approach are far-reaching for theology and praxis. Steve Wilkens and Mark Sanford show how to detect the individualism, consumerism, nationalism, moral relativism, scientific naturalism, New Age thinking, postmodern tribalism and salvation as therapy that fly under our radar. Building on the work of worldview thinkers like James Sire, this book helps those committed to the gospel story recognize those rival cultural stories that compete for our hearts and minds. Weaving the story of Chris Chrisman's freshman year with expository chapters on individualism, pluralism, relativism and privatization, James W. Sire helps readers think through the complex ideas which confront Christians and non-Christians alike on university campuses. From the team that brought you *The Obstacle Is the Way* and *Ego Is the Enemy*, a beautiful daily devotional of Stoic meditations—an instant *Wall Street Journal* and *USA Today* Bestseller. Why have history's greatest minds—from George Washington to Frederick the Great to Ralph Waldo Emerson, along with today's top performers from Super Bowl-winning football coaches to CEOs and celebrities—embraced the wisdom of the ancient Stoics? Because they realize that the most valuable wisdom is timeless and that philosophy is for living a better life, not a classroom exercise. *The Daily Stoic* offers 366 days of Stoic insights and exercises, featuring all-new translations from the Emperor Marcus Aurelius, the playwright Seneca, or slave-turned-philosopher Epictetus, as well as lesser-known luminaries like Zeno, Cleanthes, and Musonius Rufus. Every day of the year you'll find one of their pithy, powerful quotations, as well as historical anecdotes, provocative commentary, and a helpful glossary of Greek terms. By following these teachings over the course of a year (and, indeed, for years to come) you'll find the serenity, self-knowledge, and resilience you need to live well. A *Christianity Today* 1995 Books of the Year Finalist! Believing. Most of us take it for granted. We just do it--whether it's trusting that the sun will come up tomorrow, that the lunch we are about to eat is not poisoned or that our religious beliefs are not ill-founded. But why should we believe any of these things? Why should anyone believe anything at all? With insight and humor, James W. Sire examines the reasons people give for believing what they do and suggests what are truly satisfying and compelling reasons for belief. He then turns to the question of a specific belief--namely, belief that the Christian faith is true. Sire tackles both the best reason for belief in Christianity (the identity of Jesus) and the chief reason against it. (the problem of evil). And he responds to these issues personally and philosophically. Here is a book to challenge the skeptic and reassure the doubter in us all. Early evening, a young boy alone on his pony on the rim of the Nebraska Sandhills. Three

darkening thunderclouds rising higher and higher on the horizon. An electric atmosphere, a quickening, light cooling breeze. A slight shiver and the boy wonders, "Am I being pursued by the Father, the Son, and the Holy Ghost?" These sudden, unbidden, unexpected, strange experiences. We all have them. What are they? Mere plucking on the emotional strings of our material selves? Or do they have a deeper meaning? Do they signal the Presence of something other, maybe some Other, maybe some one Other, some thing or some one, above, below, beyond our normal waking consciousness? James W. Sire has studied a massive number of these accounts. He pairs them with his own experiences and turns to scientists, philosophers, and theologians for explanation. These experiences, he concludes, are signals of transcendence or what N. T. Wright calls echoes of a voice--"the voice of Jesus, calling us to follow him into God's new world." This book is an account of the author's journey to this conclusion. Weariness. Wonder. Joy. Longing. Anger. These are the feelings of the Psalms: honest expressions of pain and joy penned by real people in the midst of real life circumstances. Though they were written centuries ago, the Psalms still resonate deeply with us today, giving voice to our thoughts and longings: "Out of the depths I cry to you, O LORD." (Psalm 130:1) "God is our refuge and strength, an ever-present help in trouble." (Psalm 46:1) "As the deer pants for streams of water, so my soul pants for you, O God." (Psalm 84:2) In Learning to Pray Through the Psalms, James W. Sire teaches us to take our appreciation for this rich book of Scripture a step further. Choosing ten specific psalms, Sire offers background information that helps us read each one with deeper insight and then lays out a meditative, step-by-step approach to using the psalmists' words as a guide for our own personal conversation with God. A group study is also included in each chapter, along with a guide for praying through the psalm in community. The Lord loves when his people pray. And his Word is a powerful tool for framing honest, intimate prayers. Sire's innovative approach will enrich our minds and our souls as we read more perceptively and pray with all of our emotions. Love Goes to Buildings on Fire by Will Hermes - Five Years in New York that Changed Music Forever 'A must-read for any music fan' (Boston Globe) Crime was everywhere, the government was broke and the city's infrastructure was collapsing, but between 1974 and 1978 virtually all forms of music were being recreated in New York City: disco and salsa, the loft jazz scene and the Minimalist classical composers, hip hop and punk. Bruce Springsteen and Patti Smith arrived from New Jersey; Grandmaster Flash transformed the turntable into a musical instrument; Steve Reich and Philip Glass shared an apartment as they experimented with composition; the New York Dolls and Talking Heads blew away the grungy clubs; Weather Report and Herbie Hancock created jazz-rock; and Bob Dylan returned with Blood on the Tracks. Recommended by Nick Hornby, this fascinating and hugely inspiring book will be loved by readers of Just Kids by Patti Smith, Chronicles by Bob Dylan, How Music Works by David Byrne and The Rest is Noise by Alex Ross. 'Can literature change your life? Yes ... along came Will Hermes, who cost me several hundred pounds on iTunes and ruptured my relationship with guitars' Nick Hornby, Believer magazine Will Hermes was born in Queens, in the city of which he writes. He is a senior critic for Rolling Stone, and also writes for the New York Times and the Village Voice. He was co-editor of SPIN: 20 Years of Alternative Music. In this milestone work, leading social critic Os Guinness provides a wide-ranging analysis of one of the most pivotal decades in Western history, the 1960s. Examining secular humanism, the technological society, and the counterculture, Guinness argues that Westerners need a Third Way found only in the rediscovery and revival of the historic Christian faith. The psalms often stretch and perplex readers as they teach, but they also open a divine window on prayer. This collection features meditations on more than 75 psalms and offers brief thoughts and background as well as suggested ways to use the psalms in prayer. Is secularism a positive force in the modern world? Or does it lead to fragmentation and disintegration? In Saving Leonardo, best-selling award-winning author Nancy Pearcey (Total Truth, coauthor How Now Shall We Live?) makes a compelling case that secularism is destructive and dehumanizing. Pearcey depicts the revolutionary thinkers and artists, the ideas and events, leading step by step to the unleashing of secular worldviews that undermine human dignity and liberty. She crafts a fresh approach that exposes the real-world impact of ideas in philosophy, science, art, literature, and film--voices that surround us in the classroom, in the movie theater, and in our living rooms. A former agnostic, Pearcey offers a persuasive case for historic Christianity as a holistic and humane alternative. She equips readers to counter the life-denying worldviews that are radically restructuring society and pervading our daily lives. Whether you are a devoted Christian, determined secularist, or don't know quite where you

stand, reading Saving Leonardo will unsettle established views and topple ideological idols. Includes more than 100 art reproductions and illustrations that bring the book's themes to life. Praise for Saving Leonardo: "A feast for the mind and for the eye. Nancy Pearcey not only is a trustworthy guide for a nuanced discussion on the relationship between culture and the gospel, but she is a gifted teacher as well. . . Saving Leonardo is a rare, precious gift to the churches and universities alike." Makoto Fujimura, artist and author of Refractions: A Journey of Faith, Art, and Culture "Nancy Pearcey has done it again and better than ever. She has taken the complex sophistication of the best cultural analysis and laid it out for any person to grasp, enjoy and use to live out their daily lives honoring Christ. An astounding accomplishment!" James W. Sire, author of The Universe Next Door "G. K. Chesterton said 'the danger when Men stop believing in God is not that they'll believe in nothing; but that they will believe in anything.' Nancy Pearcey understands where believing in anything leads and in this book she reveals where a secular philosophy is taking us. A balanced, fair, and impacting work!" Cal Thomas, syndicated and USA Today columnist "Nancy Pearcey helps a new generation of evangelicals to understand the worldview challenges we now face and to develop an intelligent and articulate Christian understanding . . . Saving Leonardo should be put in the hands of all those who should always be ready to give an answer--and that means all of us." R. Albert Mohler, Jr., president, The Southern Baptist Theological Seminary "Nancy Pearcey is an intellectual prophet in our day and one of Evangelicalism's foremost cultural observers. Saving Leonardo is a tour de force. In it, Pearcey provides a penetrating analysis of the nature of contemporary secularism, a helpful exposition of how we got to the present situation, and a well-crafted strategy for changing the situation. This is her best effort yet . . . a must read." J. P. Moreland, distinguished professor of Philosophy, Biola University and author of The God Question "Nancy Pearcey is unsurpassed in the current generation of Christian thinkers . . . The magic continues with this book. Pearcey's virtues as a writer and thinker are once again fully evident in the range of material that she has mastered, the encyclopedic collection of data that she presents, and the analytic rigor with which she separates truth from error in worldviews. She is a prophetic voice for contemporary Christians." Leland Ryken, Clyde S. Kilby professor of English, Wheaton College "Brilliant . . . The book brings complex, abstract ideas down-to-earth -- or rather, down-to-life. . . . Saving Leonardo bridges the gaps between the arts and the sciences, the theoretical and the practical. The book not only argues for the unity of Christian truth but exemplifies that unity and shows it in action." Gene Edward Veith, provost, Patrick Henry College Always be prepared to make your defense to anyone who demands from you an accounting for the hope that is in you; yet do it with gentleness and reverence. (1 Peter 3:15-16) We've all felt the tension. An opportunity to speak for Christ comes up, and either we jump in with both barrels blasting or we cower in the corner and say nothing. Is there a better way? Can we learn to speak boldly, yet humbly, about our faith in Christ? Veteran apologist Jim Sire offers salient counsel derived from over fifty years of experience in a vast array of settings. Through a variety of snapshots, both successful and unsuccessful, he helps us understand the nature, value and limits of apologetics, and suggests how to tailor our comments to respect our audience whether large or small, formal or informal. He then outlines five key arguments for the Christian faith and offers responses to five common objections. Finally, for those especially drawn to apologetics, he offers counsel on how to discern a call to apologetic ministry. A Christianity Today 1995 Books of the Year Finalist! Believing. James Sire brings wit and wisdom to this question in his deeply personal exploration of how to think well for the glory of God and the sake of his kingdom, showing how to cultivate intellectual virtues--habits of the mind--that will strengthen you in pursuit of your calling. How often have you encountered some bizarre doctrine only to be stunned to hear a Bible verse quoted to support it? With new

religious cults springing up almost daily and old ones growing rapidly, this is more and more common. How are they seemingly able to twist Scripture to mean something orthodox Christians have never believed it to mean in two thousand years? James Sire, author of *The Universe Next Door* and *How to Read Slowly*, has isolated twenty separate kinds of reading errors which are characteristically made by cultists as they interpret the Bible. He covers the full range from simple misquotation to complex argumentation which links one slightly eccentric interpretation to another, mixes in a few orthodox readings and ends with a conclusion totally foreign to the biblical world view. Sire also handles twisted translation, overspecification, virtue by association, ignoring the context and other flawed interpretations. A book to help us all become better readers of the Scriptures. In this companion volume to *The Universe Next Door*, James W. Sire offers his refined definition of a worldview and addresses key questions about the history of worldview thinking, the existential and intellectual formation of worldviews, the public and private dimensions of worldviews and how worldview thinking can help us navigate an increasingly pluralistic universe. With wisdom borne of both formal and informal experience, the author offers practical insight into making a more persuasive case for Christ. He includes an annotated bibliography of resources for framing effective arguments. James Sire provides an introduction and critique of one of the twentieth century's most fascinating figures. He introduces Havel's creative, philosophical and political work and provides a critique of Havel's worldview, especially his conception of political morality and notion of Being. With over a quarter million copies in print in three editions, *The Universe Next Door* has established itself as the premier textbook on worldviews. In clear, readable prose, James W. Sire explains the basics of Christian theism, deism, naturalism, nihilism, existentialism, Eastern pantheistic monism, New Age philosophy and postmodernism. In an increasingly pluralistic academic environment, the ability to understand and evaluate various worldviews is vitally important. For more than thirty years, *The Universe Next Door* has set the standard for a clear, readable introduction to worldviews. In this new fifth edition James Sire offers additional student-friendly features to his concise, easily understood introductions to theism, deism, naturalism, Marxism, nihilism, existentialism, Eastern monism, New Age philosophy and postmodernism. Included in this expanded format are a new chapter on Islam and informative sidebars throughout. The book continues to build on Sire's refined definition of worldviews from the fourth edition and includes other updates as well, keeping this standard text fresh and useful. Sire's *Naming the Elephant: Worldview as a Concept* provides a useful companion volume for those desiring a more in-depth discussion of the nature of a worldview.
