Tom Robins and Joe Brown, or, Turning over a new leaf. A temperance tale for working men Jun 01 2021

Kill 'Em and Leave Jan 08 2022 'A formidable free-style book that isn't straight biography but a mix of history, street-level investigative reporting, hagiography, Deep South sociology, music criticism, memoir and some fiery preaching' *Rolling Stone* magazine A *Guardian* best music book of 2016 The music of James Brown was almost a genre in its own right, and he was one of the biggest and most influential cultural figures of the twentieth century. But the singer known as the 'Hardest Working Man in Show Business' was also an immensely troubled, misunderstood and complicated man. Award-winning writer James McBride, himself a professional musician, has undertaken a journey of discovery in search of the 'real' James Brown, delving into the heartbreaking saga of Brown's childhood and destroyed estate, and uncovering the hidden history of Brown's early years.

Go Fly a Kite, Charlie Brown! Sep 23 2020 Trying to fly a kite on a beautiful breezy day, Charlie Brown is dismayed when his kites are caught by the Kite-Eating Tree until he receives help from his fellow Peanuts friends. Original. Simultaneous eBook.

Wild Symphony Dec 19 2022 #1 New York Times bestselling author Dan Brown is back with a paperback edition of his debut picture book, the lyrically mindful, humorous, musical, and uniquely entertaining **WILD SYMPHONY!** Travel through the trees and across the seas with Maestro Mouse and his musical friends! Young readers will meet a big blue whale and speedy cheetahs, tiny beetles and graceful swans. Each has a special secret to share. Along the way, you might spot the surprises Maestro Mouse has left for you—a hiding buzzy bee, jumbled letters that spell out clues, and even a coded message to solve! Children and adults can enjoy this timeless picture book as a traditional read-along, or can choose to listen to original musical compositions as they read—one for each animal—using a free interactive smartphone app which uses augmented reality to instantly play the appropriate song for each page when the camera of a mobile device is held over it.

That Comical Brown's New Budget of Popular Songs Mar 10 2022

You've Had It, Charlie Brown May 20 2020 With the questionable help of his friends, Charlie Brown makes it through another year of such problems as a watch dog who's afraid of the night, an unrequited love, and a last-place baseball team.

An Introduction to New Testament Christology Feb 26 2021 Examines "christology's"—Or evaluations of Jesus' identity and divinity—based upon his words, his public ministry, and the Resurrection.

One Two Three Four: The Beatles in Time Jan 16 2020 WINNER OF THE BAILLIE GIFFORD PRIZE 2020 A Spectator Book of the Year • A Times Book of the Year • A Telegraph Book of the Year • A Sunday Times Book of the Year From the award-winning author of *Ma'am Darling: 99 Glimpses of Princess Margaret* comes a fascinating, hilarious, kaleidoscopic biography of the Fab Four.

Brown's New Guide to Weston-super-Mare and the Neighbourhood Jan 20 2023

The One Aug 15 2022 The definitive biography of James Brown, the Godfather of Soul, with fascinating findings on his life as a Civil Rights activist, an entrepreneur, and the most innovative musician of our time *Playing 350* shows a year at his peak, with more than forty Billboard hits, James Brown was a dazzling showman who transformed American music. His life offstage was just as vibrant, and until now no biographer has delivered a complete profile. *The One* draws on interviews with more than 100 people who knew Brown personally or played with him professionally. Using these sources, award-winning writer RJ Smith draws a portrait of a man whose twisted and amazing life helps us to understand the music he made. *The One* delves deeply into the story of a man who was raised in abject—almost medieval—poverty in the segregated South but grew up to earn (and lose) several fortunes. Covering everything from Brown's unconventional childhood (his aunt ran a bordello), to his role in the Black Power movement, which used "Say It Loud (I'm Black and Proud)" as its anthem, to his high-profile friendships, to his complicated family life, Smith's meticulous research and sparkling prose blend biography with a cultural history of a pivotal era. At the heart of *The One* is Brown's musical genius. He had crucial influence as an artist during at least three decades; he inspires pity, awe, and revulsion. As Smith traces the legend's reinvention of funk, soul, R&B, and pop, he gives this history a melody all its own.

187 Men to Avoid Aug 23 2020

In New York Nov 06 2021 Marc Brown now calls New York City home, and with In New York, he shares his love for all that the city has to offer and all that it stands for, including the way it's always changing and evolving. From its earliest days as New Amsterdam to the contemporary wonders of Central Park, the Statue of Liberty, and the Empire State Building, to the kid-appealing subway, High Line, and so much more, Marc's rollicking text and gorgeous illustrations showcase what he's come to adore about New York after fulfilling his life-long dream to live in the city he fell in love with during a childhood visit. This is at once a personal story from the beloved creator of Arthur, a useful primer for first-time travelers on what to see and do with kids in the Big Apple, and a perfect keepsake after a visit. It's also a great gift for anyone who loves New York, the Crossroads of the World. New York! New York! It's a heckuva town!

Nomination of Newell Brown, of New Hampshire, to be Administrator of the Wage and Hour Division, U.S. Department of Labor Aug 03 2021 Focuses on Newell Brown's alleged anti-labor activities.

Hamlet ... With explanatory French notes, etc., by A. Brown. New edition, improved with new notes, etc Feb 21 2023

Civil Rights in Black and Brown Dec 07 2021 Not one but two civil rights movements flourished in mid-twentieth-century Texas, and they did so in intimate conversation with one another. Far from the gaze of the national media, African American and Mexican American activists combated the twin caste systems of Jim Crow and Juan Crow. These insurgents worked chiefly within their own racial groups, yet they also looked to each other for guidance and, at times, came together in solidarity. The movements sought more than integration and access: they demanded power and justice. Civil Rights in Black and Brown draws on more than 500 oral history interviews newly collected across Texas, from the Panhandle to the Piney Woods and everywhere in between. The testimonies speak in detail to the structure of racism in small towns and huge metropolises—both the everyday grind of segregation and the haunting acts of racial violence that upheld Texas's state-sanctioned systems of white supremacy. Through their memories of resistance and revolution, the activists reveal previously undocumented struggles for equity, as well as the links Black and Chicana organizers forged in their efforts to achieve self-determination.

Brown Is the New White Nov 18 2022 The New York Times and Washington Post bestseller that sparked a national conversation about America's new progressive, multiracial majority, updated to include data from the 2016 election With a new preface and afterword by the author When it first appeared in the lead-up to the 2016 election, Brown Is the New White helped spark a national discussion of race and electoral politics and the often-misdirected spending priorities of the Democratic party. This "slim yet jam-packed call to action" (Booklist) contained a "detailed, data-driven illustration of the rapidly increasing number of racial minorities in America" (NBC News) and their significance in shaping our political future. Completely revised and updated to address the aftermath of the 2016 election, this first paperback edition of Brown Is the New White doubles down on its original insights. Attacking the "myth of the white swing voter" head-on, Steve Phillips, named one of "America's Top 50 Influencers" by Campaigns & Elections, closely examines 2016 election results against a long backdrop of shifts in the electoral map over the past generation—arguing that, now more than ever, hope for a more progressive political future lies not with increased advertising to middle-of-the-road white voters, but with cultivating America's growing, diverse majority. Emerging as a respected and clear-headed commentator on American politics at a time of pessimism and confusion among Democrats, Phillips offers a stirring answer to anyone who thinks the immediate future holds nothing but Trump and Republican majorities.

New Light on Dark Stars Mar 30 2021 Perhaps the most common question that a child asks when he or she sees the night sky from a dark site for the first time is: 'How many stars are there?' This happens to be a question which has exercised the intellectual skills of many astronomers over the course of most of the last century, including, for the last two decades, one of the authors of this text. Until recently, the most accurate answer was 'We are not certain, but there is a good chance that almost all of them are M dwarfs.' Within the last three years, results from new sky-surveys - particularly the first deep surveys at near infrared wavelengths - have provided a breakthrough in this subject, solidifying our census of the lowest-mass stars and identifying large numbers of the hitherto almost mythical substellar-mass brown dwarfs. These extremely low-luminosity objects are the central subjects of this book, and the subtitle should be interpreted accordingly. The expression 'low-mass stars' carries a wide range of meanings in the astronomical literature, but is most frequently taken to refer to objects with masses comparable with that of the Sun - F and G dwarfs, and their red giant descendants. While this definition is eminently reasonable for the average extragalactic astronomer, our discussion centres on M dwarfs, with masses of no

more than 60% that of the Sun, and extends to 'failed stars' - objects with insufficient mass to ignite central hydrogen fusion.

Catholic Record Society Publications Dec 15 2019

Dare to Lead Jun 13 2022 In her #1 NYT bestsellers, Bren é Brown taught us what it means to dare greatly, rise strong and brave the wilderness. Now, based on new research conducted with leaders, change makers and culture shifters, she 's showing us how to put those ideas into practice so we can step up and lead. Leadership is not about titles, status and power over people. Leaders are people who hold themselves accountable for recognising the potential in people and ideas, and developing that potential. This is a book for everyone who is ready to choose courage over comfort, make a difference and lead. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it and work to align authority and accountability. We don't avoid difficult conversations and situations; we lean into the vulnerability that 's necessary to do good work. But daring leadership in a culture that's defined by scarcity, fear and uncertainty requires building courage skills, which are uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the same time we're scrambling to figure out what we have to offer that machines can't do better and faster. What can we do better? Empathy, connection and courage to start. Bren é Brown spent the past two decades researching the emotions that give meaning to our lives. Over the past seven years, she found that leaders in organisations ranging from small entrepreneurial start-ups and family-owned businesses to non-profits, civic organisations and Fortune 50 companies, are asking the same questions: How do you cultivate braver, more daring leaders? And, how do you embed the value of courage in your culture? Dare to Lead answers these questions and gives us actionable strategies and real examples from her new research-based, courage-building programme. Bren é writes, ' One of the most important findings of my career is that courage can be taught, developed and measured. Courage is a collection of four skill sets supported by twenty-eight behaviours. All it requires is a commitment to doing bold work, having tough conversations and showing up with our whole hearts. Easy? No. Choosing courage over comfort is not easy. Worth it? Always. We want to be brave with our lives and work. It's why we're here. '

How I Invest My Money Feb 09 2022 The world of investing normally sees experts telling us the 'right' way to manage our money. How often do these experts pull back the curtain and tell us how they invest their own money? Never. How I Invest My Money changes that. In this unprecedented collection, 25 financial experts share how they navigate markets with their own capital. In this honest rendering of how they invest, save, spend, give, and borrow, this group of portfolio managers, financial advisors, venture capitalists and other experts detail the 'how' and the 'why' of their investments. They share stories about their childhood, their families, the struggles they face and the aspirations they hold. Sometimes raw, always revealing, these stories detail the indelible relationship between our money and our values. Taken as a whole, these essays powerfully demonstrate that there is no single 'right' way to save, spend, and invest. We see a kaleidoscope of perspectives on stocks, bonds, real assets, funds, charity, and other means of achieving the life one desires. With engaging illustrations throughout by Carl Richards, How I Invest My Money inspires readers to think creatively about their financial decisions and how money figures in the broader quest for a contented life. With contributions from: Morgan Housel, Christine Benz, Brian Portnoy, Joshua Brown, Bob Seawright, Carolyn McClanahan, Tyrone Ross, Dasarte Yarnway, Nina O'Neal, Debbie Freeman, Shirl Penney, Ted Seides, Ashby Daniels, Blair duQuesnay, Leighann Miko, Perth Tolle, Josh Rogers, Jenny Harrington, Mike Underhill, Dan Egan, Howard Lindzon, Ryan Krueger, Lazetta Rainey Braxton, Rita Cheng, Alex Chalekian

Books of the Month Jul 22 2020

Daring Greatly Oct 25 2020 Researcher and thought leader Dr. Bren é Brown offers a powerful new vision in Daring Greatly that encourages us to embrace vulnerability and imperfection, to live wholeheartedly and courageously. 'It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; . . . who at best knows in the end the triumph of high achievement, and who at worst, if he fails, at least fails while daring greatly' -Theodore Roosevelt Every time we are introduced to someone new, try to be creative, or start a difficult conversation, we take a risk. We feel uncertain and exposed. We feel vulnerable. Most of us try to fight those feelings - we strive to appear perfect. Challenging everything we think we know about vulnerability, Dr. Bren é Brown dispels the widely accepted myth that it's a weakness. She argues that vulnerability is in fact a strength, and when we shut ourselves off from revealing our true selves we grow distanced from the things that bring purpose and meaning to our lives. Daring Greatly is the culmination of 12 years of groundbreaking social research, across the home, relationships, work,

and parenting. It is an invitation to be courageous; to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly. 'Brilliantly insightful. I can't stop thinking about this book' -Gretchen Rubin Bren é Brown, Ph.D., LMSW is a #1 New York Times bestselling author and a research professor at the University of Houston Graduate College of Social Work. Her groundbreaking work was featured on Oprah Winfrey's Super Soul Sunday, NPR, and CNN. Her TED talk is one of the most watched TED talks of all time. Bren é is also the author of *The Gifts of Imperfection* and *I Thought It Was Just Me (but it isn't)*.

Nomination of Newell Brown, of New Hampshire, To Be Administrator of the Wage and Hour Division, U.S. Department of Labor Sep 04 2021 Focuses on Newell Brown's alleged anti-labor activities.

Brown Nov 13 2019 James Brown. John Brown's raid. Brown v. the Topeka Board of Ed. The prizewinning author of *Blue Laws* meditates on all things "brown" in this powerful new collection. "Vital and sophisticated ... sinks hooks into you that cannot be easily removed." –The New York Times Divided into "Home Recordings" and "Field Recordings," Brown speaks to the way personal experience is shaped by culture, while culture is forever affected by the personal, recalling a black Kansas boyhood to comment on our times. From "History"—a song of Kansas high-school fixture Mr. W., who gave his students "the Sixties / minus Malcolm X, or Watts, / barely a march on Washington"—to "Money Road," a sobering pilgrimage to the site of Emmett Till's lynching, the poems engage place and the past and their intertwined power. These thirty-two taut poems and poetic sequences, including an oratorio based on Mississippi "barkeep, activist, waiter" Booker Wright that was performed at Carnegie Hall and the vibrant sonnet cycle "De La Soul Is Dead," about the days when hip-hop was growing up ("we were black then, not yet / African American"), remind us that blackness and brownness tell an ongoing story. A testament to Young's own—and our collective—experience, Brown offers beautiful, sustained harmonies from a poet whose wisdom deepens with time.

The New Testament Sep 16 2022 Jericho Brown 's *The New Testament* is a devastating meditation on race, sexuality and contemporary American society by one of the most important voices in US poetry, and the winner of the Pulitzer Prize for Poetry. 'To read Jericho Brown 's poems is to encounter devastating genius.' - Claudia Rankine. In poems of immense clarity, lyricism and skill, Brown shows us a world where disease runs through the body, violence runs through the neighbourhood, and trauma runs through generations. Here Brown makes brilliant and subversive use of Bible stories to address the gay experience from both a personal and a political perspective. By refusing to sacrifice nuance, no matter how charged and urgent his subject, Brown is one of the handful of contemporary poets who have found a speech adequate to the complex times in which we live, and a way to express an equivocal hope for the future. *The New Testament* was winner of the Thom Gunn Award for Gay Poetry and the Paterson Award for Literary Excellence.

Confirmatory Factor Analysis for Applied Research, Second Edition Apr 30 2021 This accessible book has established itself as the go-to resource on confirmatory factor analysis (CFA) for its emphasis on practical and conceptual aspects rather than mathematics or formulas. Detailed, worked-through examples drawn from psychology, management, and sociology studies illustrate the procedures, pitfalls, and extensions of CFA methodology. The text shows how to formulate, program, and interpret CFA models using popular latent variable software packages (LISREL, Mplus, EQS, SAS/CALIS); understand the similarities ...

Burpee's The Story of Connecticut Mar 18 2020

Karen Brown's *New England* Jul 14 2022 With its four seasons and geographic diversity, New England is a wonderful travel destination at all times of the year, though many consider that it is at its most outstanding in the fall. Six regional itineraries cover the six states from Cape Cod and the Byways of Coastal Maine to glorious fall foliage routes. Over 160 personally selected places to stay, from sophisticated bed & breakfasts to upmarket city hotels.

Atlas of the Heart Apr 11 2022 #1 NEW YORK TIMES BESTSELLER • In her latest book, Bren é Brown writes, "If we want to find the way back to ourselves and one another, we need language and the grounded confidence to both tell our stories and be stewards of the stories that we hear. This is the framework for meaningful connection." In *Atlas of the Heart*, Brown takes us on a journey through eighty-seven of the emotions and experiences that define what it means to be human. As she maps the necessary skills and an actionable framework for meaningful connection, she gives us the language and tools to access a universe of new choices and second chances—a universe where we can share and steward the stories of our bravest and most heartbreaking moments with one another in a way that builds connection. Over the past two decades, Brown 's extensive research into the experiences that make us who we are has shaped the cultural conversation and helped define what it means to be courageous with our lives. *Atlas of the Heart* draws on this research, as well as on Brown 's singular skills as a storyteller, to show us how accurately naming an experience doesn 't give the experience more power—it gives us the power of understanding, meaning, and choice. Brown shares, "I want this book to be an atlas for all of us,

because I believe that, with an adventurous heart and the right maps, we can travel anywhere and never fear losing ourselves.”

Origin Oct 17 2022 The #1 New York Times Bestseller (October 2017) from the author of The Da Vinci Code. Robert Langdon, Harvard professor of symbology, arrives at the ultramodern Guggenheim Museum Bilbao to attend the unveiling of a discovery that “will change the face of science forever.” The evening’s host is Edmond Kirsch, a forty-year-old billionaire and futurist, and one of Langdon’s first students. But the meticulously orchestrated evening suddenly erupts into chaos, and Kirsch’s precious discovery teeters on the brink of being lost forever. Facing an imminent threat, Langdon is forced to flee. With him is Ambra Vidal, the elegant museum director who worked with Kirsch. They travel to Barcelona on a perilous quest to locate a cryptic password that will unlock Kirsch’s secret. Navigating the dark corridors of hidden history and extreme religion, Langdon and Vidal must evade an enemy whose all-knowing power seems to emanate from Spain’s Royal Palace. They uncover clues that ultimately bring them face-to-face with Kirsch’s shocking discovery...and the breathtaking truth that has long eluded us.

Beyond the Crash May 12 2022 The international financial crisis that has held our global economy in its grip for too long still seems to be in full stride. Former British Prime Minister and Chancellor of the Exchequer Gordon Brown believes the crisis can be reversed, but that the world’s leaders must work together if we are to avoid a decade of lost jobs and low growth. Brown speaks both as someone who was in the room driving discussions that led to some crucial decisions and as an expert renowned for his remarkable financial acumen. No one who had Brown’s access has written about the crisis yet, and no one has written so convincingly about what the global community must do next in order to climb out of this abyss. Brown outlines the shocking recklessness and irresponsibility of the banks that he believes contributed to the depth and breadth of the crisis. As he sees it, the crisis was brought on not simply by technical failings, but by ethical failings too. Brown argues that markets need morals and suggests that the only way to truly ensure that the world economy does not flounder so badly again is to institute a banking constitution and a global growth plan for jobs and justice. Beyond the Crash puts forth not just an explanation for what happened, but a directive for how to prevent future financial disasters. Long admired for his grasp of economic issues, Brown describes the individual events that he believes led to the crisis unfolding as it did. He synthesizes the many historical precedents leading to the current status, from the 1933 London conference of world leaders that failed to resolve the Great Depression to the more recent crash in the Asian housing market. Brown’s analysis is of paramount importance during these uncertain financial times. As Brown himself said of his ideas for the future, “We now live in a world of global trade, global financial flows, global movements of people, and instant global communications. Our economies are connected as never before, and I believe that global economic problems require global solutions and global institutions. In writing my analysis of the financial crisis, I wanted to help explain how we got here, but more important, to offer some recommendations as to how the next stage of globalization can be managed so that the economy works for people and not the other way around.” ## *** The crisis exposed the contradiction of globalization itself: as economies have become more interconnected, regulators and governments have failed to keep pace and increase coordination. It is a failure intrinsic to unregulated global markets, an instability that resulted from the manner in which increasing flows of capital around the world happened and impacted the economy. And it is a failure of collective action at an international level to respond quickly enough to the structural imbalances and inequities that arose. At its simplest, then, this is the first true crisis of globalization. For the first time everybody, from the richest person in the richest city to the poorest person in the poorest slum, was affected by the same crisis. Although its roots are global, its impact is local, directly felt on nearly every main street, on nearly every shop floor, around nearly every kitchen table. Billions of people around the world are in need of and are demanding a better globalization. It is the nature of power that you always leave tasks unfinished when you leave office. It is the nature of politics that the argument must continue. This book is my warning of a decade of lost growth and my answer to that fear with a call for a better globalization. It is an explanation of a pattern in the numbers that points to an enormous opportunity to alleviate poverty, create jobs, and grow. A future of low growth, high unemployment, decline, and decay is not inevitable; it’s about the change we choose. -- From Beyond the Crash

Annual Report of the Directors of the Michigan Central Railroad Company to the Stockholders Jun 20 2020
Seven Ways to Change the World Dec 27 2020 THE SUNDAY TIMES TOP TEN BESTSELLER 'His vision, ideas and passion shine through on every page' Ed Balls 'Compelling, challenging, inspiring and very timely' Piers Morgan 'Immensely powerful and persuasive...I found it exhilarating throughout' Joanna Lumley When the Covid-19 pandemic swept across the globe in 2020, it created an unprecedented impact, greater than the aftermath of 9/11 or the global financial crisis. But out of such disruption can come a new way of thinking, and in this superb new book former UK prime minister Gordon Brown offers his solutions to the challenges we face in

2021 and beyond. In the book, he states that there are seven major global problems we must address: global health; climate change and environmental damage; nuclear proliferation; global financial instability; the humanitarian crisis and global poverty; the barriers to education and opportunity; and global inequality and its biggest manifestation, global tax havens. Each one presents an immense challenge that requires an urgent global response and solution. All should be on the world's agenda today. None can be solved by one nation acting on its own, but all can be addressed if we work together as a global community. However, Brown remains optimistic that, despite the many obstacles in our way, we will find a path to regeneration via a new era of global order. Yes, there is a crisis of globalisation, but we are beginning to see the means by which it might be resolved. Crises create opportunities and having two at once shouldn't just focus the mind, it might even be seen as giving greater grounds for hope. In *Seven Ways to Change the World*, Brown provides an authoritative and inspirational pathway to a better future that is essential reading for policy makers and concerned citizens alike.

[The Palace Papers](#) Feb 15 2020 NEW YORK TIMES BESTSELLER • The “addictively readable” (The Washington Post) inside story of the British royal family’s battle to overcome the dramas of the Diana years—only to confront new, twenty-first-century crises “Frothy and forthright, a kind of *Keeping Up with the Windsors* with sprinkles of Keats.”—The New York Times (Notable Book of the Year) ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, Elle, Town & Country “Never again” became Queen Elizabeth II’s mantra shortly after Princess Diana’s tragic death. More specifically, there could never be “another Diana”—a member of the family whose global popularity upstaged, outshone, and posed an existential threat to the British monarchy. Picking up where Tina Brown’s masterful *The Diana Chronicles* left off, *The Palace Papers* reveals how the royal family reinvented itself after the traumatic years when Diana’s blazing celebrity ripped through the House of Windsor like a comet. Brown takes readers on a tour de force journey through the scandals, love affairs, power plays, and betrayals that have buffeted the monarchy over the last twenty-five years. We see the Queen’s stoic resolve after the passing of Princess Margaret, the Queen Mother, and Prince Philip, her partner for seven decades, and how she triumphs in her Jubilee years even as family troubles rage around her. Brown explores Prince Charles’s determination to make Camilla Parker Bowles his wife, the tension between William and Harry on “different paths,” the ascendance of Kate Middleton, the downfall of Prince Andrew, and Harry and Meghan’s stunning decision to step back as senior royals. Despite the fragile monarchy’s best efforts, “never again” seems fast approaching. Tina Brown has been observing and chronicling the British monarchy for three decades, and her sweeping account is full of powerful revelations, newly reported details, and searing insight gleaned from remarkable access to royal insiders. Stylish, witty, and erudite, *The Palace Papers* will irrevocably change how the world perceives and understands the royal family.
