Suck It Up Dec 14 2019 ARE YOU UP to your neck in bloodsucking vampire stories? Tired of those tales about dentally enhanced dark lords? Before I wrote this book I thought all vampires were night-stalking, fangpopping, bloodsucking fiends. Then I met Morning McCobb. He's a vegan vampire who drinks a soy-blood substitute called Blood Lite. He believes staking should be a hate crime. And someday he hopes to march in a Vampire Pride Parade. He was also the first vampire to out himself and try to show people of mortality, like you and me, that vampires are just another minority with special needs. Trust me—this is like no other vampire book you'll ever feed on. So, as my buddy Morning says, "Pop the lid, and suck it up."

Vampire for Hire Dec 06 2021 Mother, wife, private investigator--and vampire. "I enjoyed this immensely. The protagonist, Samantha Moon, is a female vampire with a husband and children. Those predate her condition; six years ago she was attacked by a vampire and rendered into one. Now she's trying to carry on with family and private eye business, and she's a feisty, skilled person, so is doing mostly okay. But her husband has an increasing problem with her coldness--not of spirit, but of body. "You sicken me and scare the hell out of me," he tells her. "And when I touch you it's all I can do to not gag." She replies "Words every wife wants to hear." I love this! She really doesn't deserve to be frozen out of her marriage, yet his attitude is understandable. In the course of the novel she solves the mystery she is tackling for a client, and finds a new romantic interest. What makes it special are her character and nature." --Piers Anthony (Visit me at www.jrrain.com)
